

# **RED by John Logan**

Some of the wonderful reviews....

---

**Falter:** "Finely played."

**The Gap:** "...What remains of the theater evening is the passion with which the play is approached. ... It is most beautiful to watch the two performers in their work (their work in the fictitious piece, the craft of painting), in which this passion for art still seems to resonate. And of course just as beautiful is watching the passion for playing (her - Joanna Godwin-Seidl's - work »in real«, the craft of acting), which comes into its own in such an intimate space as the small stage at Fleischmarkt 22."

**ABS:** "Formidable Dennis Kozeluh .....David Rodriguez-Yanez incredible in his performance...."

**Public Forum and guest book:**

"Wow" "Fantastic" "It was gorgeous! A moving and inspiring play..." "RED was absolutely incredible..." "Great play, amazing actors, thanks!"
